

## FREE Proficient Pilot Seminar - Human Factors 201

You are invited to join us for an enjoyable evening of learning more about human factors for pilots and why human error is such a concern in aviation. Last year, Rick spoke to us on this topic and called it version 101. So, this year, he will be discussing some new aspects of this important issue and is calling it version 201. We guarantee you will find Rick's discussion informative, practical, challenging, and very interesting! We hope to see you here!

**Directions:** This free pilot safety seminar will be hosted and present by Sweet Aviation in the terminal building at the Smith Field Airport, KSMD, in Fort Wayne, Indiana.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
